

APPLICATIONS ACCEPTED FOR ADMISSION AT TUSKEGEE AIRMEN TEXAS STATE VETERANS HOME IN FT WORTH

The Texas Land Commissioner and Veterans Land Board (VLB) announced that applications are being accepted to potential future residents at the new state-of-the-art Tuskegee Airmen Texas State Veterans Home (TSVH) in Ft Worth. The home opened its doors in March 2025 is the VLBs 10th long term care home for eligible veterans, spouses and Gold Star Parents in Texas.

The Ft Worth Veterans home is named after the Tuskegee Airmen, the first African American combat flying support program in the United States Armed Forces. These pilots served during WWII and completed over 15,000 missions across North Africa & Europe. These brave men also received over 150 Distinguished Flying Cross awards, 60 Purple Hearts and the Congressional Gold Medal.

The new Veterans home is 100,000 sq ft and serves 120 Veterans. The home has 72 comfortable rooms, 24 of which are private. It also specializes in a memory support neighborhood that supports 30 residents with memory-care needs. Also, like our nine other Veterans homes, eligible Veterans with a 70% or more service-connected disability rating will live in the home at "NO COST."

Located in the Ft Worth area, the Tuskegee Airmen TSVH will service a tightly knit community with a long history of championing Veterans.
